18 hours of coursework and independent study are required for the Graduate Certificate in Women's Studies. The first required nine hours of coursework will include a range of courses designed to broaden the knowledge and experiences of students concerning women's issues. The second nine hours of coursework will be electives, including three hours of independent reading designed to fill any gaps of interest where a course does not currently exist to meet that need.

Graduate students must currently be enrolled in a Graduate School Program at SIUC, or holding a Bachelor's degree and admitted as an Unclassified Graduate. The student MUST confer with the WMST Director before submitting this application to the Graduate School for participation in the Certificate Program. Admission to the Certificate Program must be obtained prior to completing nine (9) hours of coursework, and the Certificate must be completed within three years of beginning the program.

Please inform Women's Studies when you have completed your coursework. We will notify the Graduate School and they will issue your certificate.

I agree to abide by the requirements for the Women's Studies Graduate Certificate as set forth above, and have talked to the Women's Studies Director and/or her delegate.

 Signature, Graduate Student/Date

 M. Joan McDermott, Director/Date
