Phone Number \_\_\_\_\_ Email \_\_\_\_\_

The minor requires 18 semester hours of credit, 15 of which must be in Women's Studies courses, while the remaining 3 hours may be selected from a special interest or related course; for example, Black American Studies. The minor must include 201, 300 and 495. Individual Learning Program courses and Independent Study courses cannot be counted toward the minor. Elective courses should be taken from at least two different cross-listing departments. Students must discuss and plan their minors with the Director of Women's Studies.

Please inform Women's Studies when you have completed your coursework and we will issue your certificate.

I agree to abide by the requirements for the Women's Studies Minor as set forth above, and have talked to the Women's Studies Director and/or her delegate.
